## SCHOOL TOURS; WITH ADVENTURE...

At Courtlough Outdoor Adventures, your group will reach new levels of fun on our multiple Aerial Trekking courses, Zipline, Climbing Walls & Dropzone... and the fun doesn't stop there, we also have Archery, Battlezone Archery and a range of ground-based Team Building Games.

Here at Courtlough Outdoor Adventures, our School Tours are centered around outdoor fun, being active and encouraging children to always try their best. Our mission is to see every child leave our tours with their head held a little higher and a huge smile upon their face!

We are based 5 mins from exit 5 off the M1, so there's no need to spend half the school day travelling to your destination, when we have everything you need right here on your doorstep!

Did we mention that we also have the coolest lunch spot going? We have a big orange double decker bus and picnic area on site where the children can eat their lunch, with snacks available and facilities close by, so everything is easily accessible.
